making a real difference

# COMMUNITY ACTION

An opportunity to meet and 'work' with local people as they improve the resources and facilities around them in their local village. Communities seek our assistance to improve, repair and maintain facilities, infrastructure or equipment used in a school, community facility or other community asset. We will have the opportunity to enhance, encourage and enthuse.

Aussie Action Abroad Ltd (AAA) uses basic accommodation at all times.
Depending on location and practicality, this may include camping (tents supplied), dormitories, local hostel accommodation and basic hotels.

Prior to departure, AAA supplies participants with all the information they need regarding gear, innoculations, culture & climate, etc. Detailed material will be sent on enquiry which includes an outlined program of planned activity.

Project funds: 10% of each participant fee is allocated to the purchase of materials for projects, but you may choose to seek additional funds from your community to add to the finances available. All funds raised will be given to the organisations when the group is in Nepal.

Please note: Schedules, activities and events may change slightly.

What will the venture involve? (*subject to change)

This team will be made up of anyone wanting to contribute, engage, support and work with local communities.

Based in a more remote area, the team will work together with local community members to undertake a variety of projects whilst getting involved and included in local community functions and activities.

Any one over the age of 18 is most welcome to come and contribute, knowing that your contribution will be most valued and appreciated.

- Manual labour on a community project such as - digging a trench, carting stone, mixing cement, hammering a nail, painting a wall or repairing broken equipment.
- An opportunity to 'work' alongside community members, learning, sharing & developing skills together.
- Opportunity to effectively leave behind facility improvements, better use of local resources and sustainable aspects that will be maintained and managed by thepeople you work with during your time in the village.

Aussie Action Abroad provides Community Development Adventures that:

- challenges, changes and enhances lives,
- are mutually beneficial, providing sustainable solutions to locally identified issues,
- utilise participant skills in real ways, alongside local skilled personnel.
